

PABLO REINOSO

---

Pablo Reinoso (Buenos Aires, 1955) is a pluridisciplinary artist whose research revolves around the ideas of object and functionality, whose relationship is constantly interrogated and reshaped through his works. Sensitive to contemporary issues and most notably to the climate crisis, Reinoso's recent works address environmental concerns, questioning the relationship between human and natural ecosystems. He lives and works in Paris.

Reinoso's most notable recent solo exhibitions include *Las líneas de la vida* (Museo Extremeño e Iberoamericano de Arte Contemporáneo, Badajoz, 2024), *Pablo Reinoso* (Kunstmuseum, The Hague, 2023), *Tuscan Meanders* (La Tinaia Al Bosco, San Casciano in Val de Pesa, 2023), and *Débordements* (Domaine National, Chambord, 2022). Highlights of his recent group shows include his incorporation to BARRO with *Barro es 10* (BARRO, Buenos Aires, 2024), *Lacan: l'exposition* (Centre Pompidou-Metz, 2024) and *Park: Art Walk* (Hangar Y, Meudon, 2023).

---
